Informfully

Research Platform for Reproducible User Studies

Lucien Heitz, Julian A. Croci, Madhav Sachdeva, Abraham Bernstein
17 October 2024

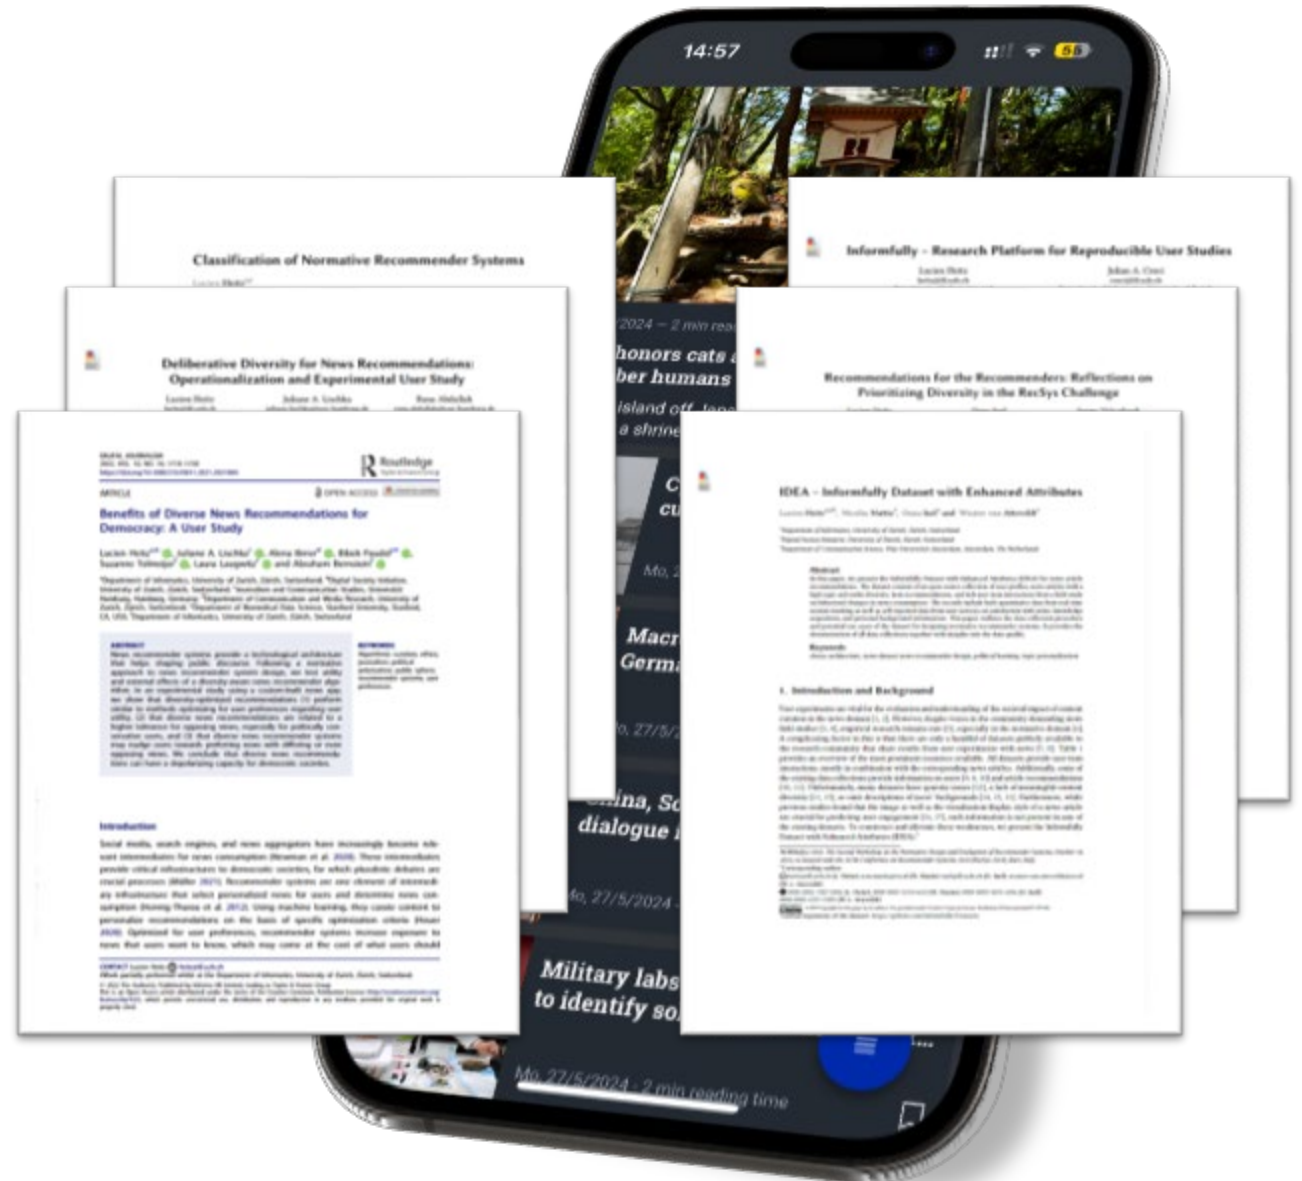

Challenges of Experiments

- User experiments are the ultimate test
- Conducting experiments is expensive
- Time-intensive to manage
- Hard to re-run and reproduce

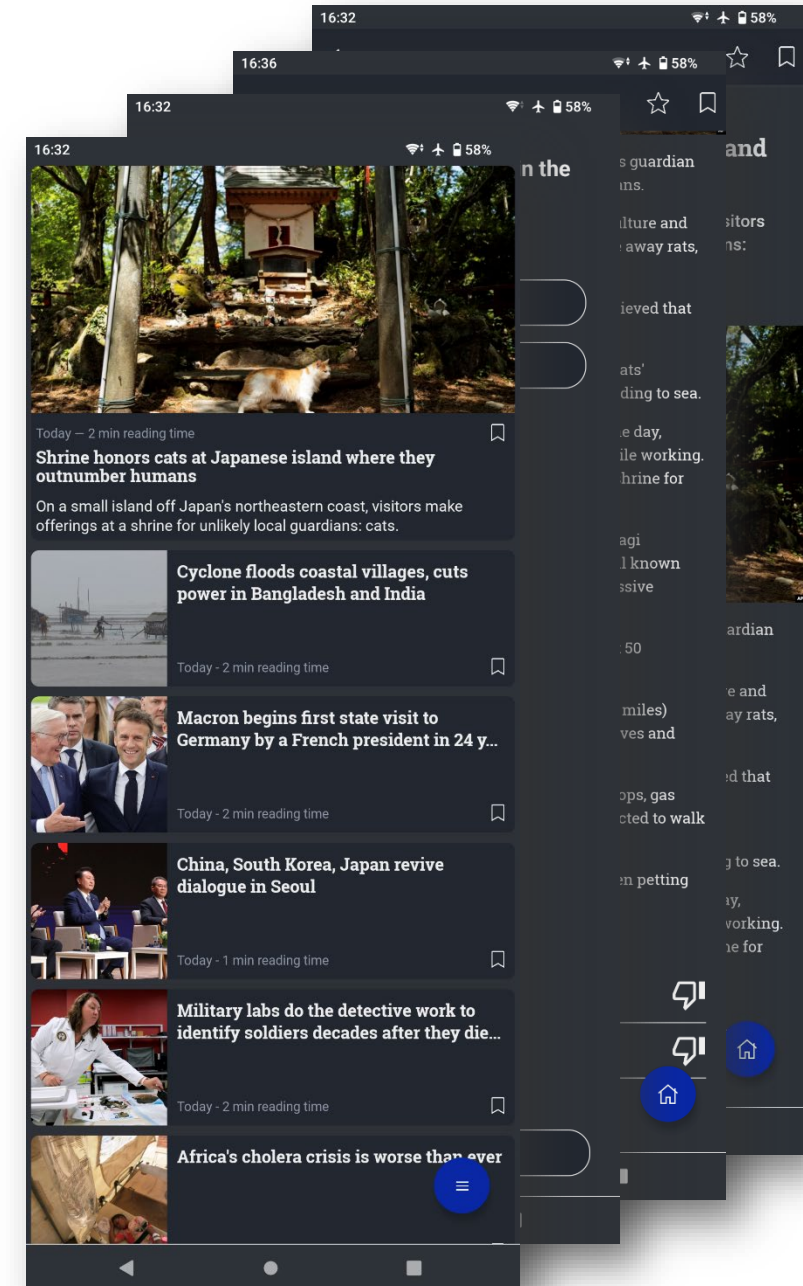

Informfully Platform

- Ease-of-use through seamless UI
- Versatility through interfaces
- Cost effective through templates
- Field-tested platform

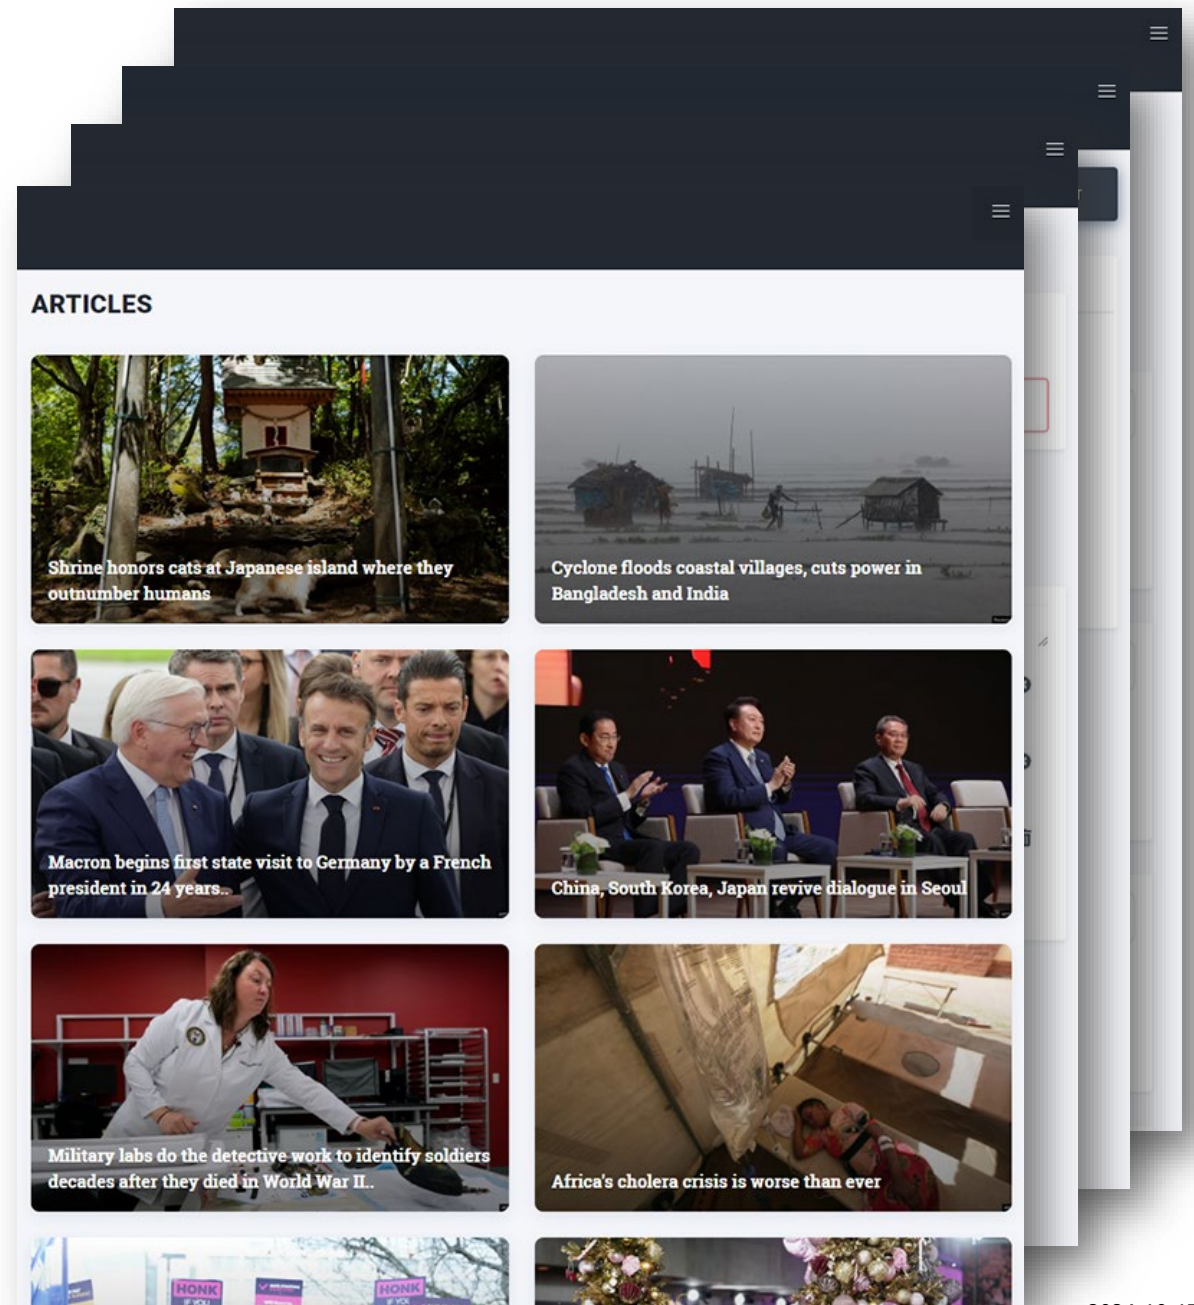

Mobile App

- Multimedia distribution platform
- Customizable items and ratings
- In-app survey and tutorial section
- Android/iOS/Windows

Admin Website

- Set up experiments
- Manage user accounts
- Create and edit surveys
- React, Meteor, and MongoDB
